Index to Volume VIII, 1967

A

- A dualistic approach to some biochemical problems in endogenous depressions. J. R. Bueno and H. E. Himwich. 82
- A new benzodiazepine for treatment of anxiety tension states. Adam J. Krakowski. 73
- A potent new antipsychotic drug. SK & F 14336. J. L. Claghorn, J. C. Schoolar and J. Kinross-Wright. 212
- A social view of the psychiatric consultation. Carroll Brodsky. 61
- Abnormal emotional reactions to hospitalization jeopardizing medical treatment. Frank R. Freeman and Frank T. Drake. 150
- Abortion: its psychodynamic effects. William E. Sorell. 146
- Acute abdomen in aging patients, The. Philip Thorek. July-August, Section 2. 53
- Adjunctive use of anti-anxiety agents. Paul E. Feldman. 272
- Adler, Leta McKinney and Enelow, Allen J.: Natural history of a postgraduate course in psychiatry. 185
- Adolescence, Obesity in. Frank Carrera, III. 342
- Aged, Depression in the normal. William W. K. Zung. 287
- Aged, Pathoanatomic alterations in the. Ph. Schwartz. July-August, Section 2. 12
- Aging American, Creativity and the. Pearl S. Buck. July-August, Section 2. 28
- Aging, Creative, is within the reach of all. Francis H. Stern. July-August, Section 2. 59
- Aging, Ethnological aspects of. Margaret Mead. July-August, Section 2. 33
- Aging patients, The acute abdomen in. Philip Thorek. July-August, Section 2. 53
- Aging, Pharmacological aspects of. Panel discussion. July-August, Section 2. 67
- Aging, Some adaptive mechanisms to the process of. Jack Weinberg. July-August, Section 2. 44
- Aging, Stress and environmental factors in. Harry Sobel. July-August, Section 2. 21
- Allergic disorders: Psychotropic adjuvants in. Report of experiences with nortriptyline hydrochloride. Mayer A. Green and Richard L. Green. 29
- Amitriptyline, perphenazine and psychotherapy: combined therapy in 800 patients over four years. H. Angus Bowes. 1
- Amitriptyline + perphenazine. An effective tranquilizer-antidepressant combination. Harry Shubin and Samuel Mandel. 79
- Angina pectoris, Psychological factors in. Cornelis B. Bakker. 43
- Anti-anxiety agents, Adjunctive use of. Paul E. Feldman. 272
- Antidepressant drug therapy: Medical practice calls for more. A study of 50 patients treated with perofrane. Samuel R. Splitter. 33

- Antipsychotic drug, A potent new. SK & F 14336. J. L. Claghorn, J. C. Schoolar and J. Kinross-Wright. 212
- Anorexia nervosa. D. R. Offord. 281
- Anxiety tension states, A new benzodiazepine for treatment of. Adam J. Krakowski. 73

B

- Bakker, Cornelis B.: Psychological factors in angina pectoris. 43
- Behavior pattern and its relationship to coronary artery disease. Meyer Friedman. July-August, Section 2. 6
- Berblinger, Klaus W.: Brief psychotherapy and the psychiatric consultation. 6
- Berezin, Norman; Reyna, Leo J. and DiMascio, Alberto: Psychological stress and experimental caries. 138
- Biochemical problems in endogenous depressions, A dualistic approach to some. J. R. Bueno and H. E. Himwich. 82
- Biochemistry of nicotinic acid and nicotinamide. A Hoffer. 95
- Bittner, Egon: Social institutions and medical care. 126
- Bowes, H. Angus: Amitriptyline, perphenazine and psychotherapy: combined therapy in 800 patients over four years. 1
- Brief psychotherapy and the psychiatric consultation. Klaus W. Berblinger. 6
- Brodsky, Carroll: A social view of the psychiatric consultation. 61
- Brodsky, Carroll M.: Medical roles in family treatment. 227
- Brown, Judith M. and Schwab, John J.: The limitations of drug therapy. 38
- Buck, Pearl S.: Creativity and the aging American. July-August, Section 2. 28
- Bueno, J. R. and Himwich, H. E.: A dualistic approach to some biochemical problems in endogenous depressions. 82
- Buffaloe, William J.; Wilson, Ian C. and Rabon, Archie M.: Imipramine therapy in depressive syndromes: prediction of therapeutic outcome. 203
- Butaperazine, Clinical evaluation of. Paul E. Feldman. 26

C

- Carbohydrate-lipid metabolism, Effects of combined physical-anticipatory stress on, in patients with diabetes mellitus. Richard L. Vandenberg, Karl E. Sussman and Gary D. Vaughan. 16
- Carcinoma of the pancreas, Comparison of psychiatric manifestations in, retroperitoneal malignant lymphoma, and lymphoma in other locations. Ivan Fras and Edward M. Litin. 275

- Cardiovascular aging in rats, Effect of various factors on. Ralph F. Strebel. July-August, Section 2. 38
- Carrera, Frank, III: Obesity in adolescence. 342
- Cerebral vascular disease, Neuropsychiatric disturbances in. Joseph F. Fazekas. July-August, Section 2. 3
- Cerebrovascular disease, Treatment of. John Gilroy. July-August, Section 2. 63
- Childbirth, Psychologic effects of education for. Mar-di J. Horowitz and Nancy F. Horowitz. 196
- Children, The diagnosis of emotional disturbance in. John E. Weeks. 235
- Chlorpromazine, Paradoxical responses to, after LSD. Conrad J. Schwarz. 210
- Chronic brain syndrome, Is there a "reversible"? Wilfred Dorfman. 293
- Chronic cardiac disease, Psychological aspects of. Nathan Schecter. 166
- Chylomicron index in youth and old age, and in disease, The. Clinton H. Thienes. July-August, Section 2. 8
- Claghorn, J. L.; Schooler, J. C. and Kinross-Wright, J.: A potent new antipsychotic drug. SK & F 14336. 212
- Clinical evaluation of butaperazine. Paul E. Feldman. 26
- Clinical medicine, Teaching psychiatry to medical students assigned to. Richard G. Druss. 331
- Clinical rounds with experimental animals. William F. Ganong. 69
- Community mental health and mental health consultation. M. Robert Harris. 255
- Comparison of psychiatric manifestations in carcinoma of the pancreas, retroperitoneal malignant lymphoma, and lymphoma in other locations. Ivan Fras and Edward M. Litin. 275
- Comprehensive medical care and the psychiatric consultation. Alexander Simon. 60
- Continuing seminars and the community. Rex A. Pit-tenger. 318
- Controlled evaluation of psychotropic drugs in a private psychiatric practice. Elizabeth Hackett, Richard L. Gold, Nathan S. Kline and Lawrence Winick. 162
- Coronary artery disease, Behavior pattern and its relationship to. Meyer Friedman. July-August, Sec-2. 6.
- Creative aging is within the reach of all. Francis H. Stern. July-August, Section 2. 59
- Creativity and the aging American. Pearl S. Buck. July-August, Section 2. 28

D

- Daneman, E. Adams: Treatment of depressed pa-tients with iprindole. 216
- Daugherty, Robert I.: The role of the general prac-titioner. 259
- Dentistry, Psychiatry, psychosomatics and. Myron F. Weiner and Melvin Land. 338

November-December, 1967

- Depressed patients, Treatment of, with iprindole. E. Adams Daneman. 216
- Depression in the normal aged. William W. K. Zung. 287
- Depression, Psychosomatic disease as a masked. L. Marder and J. D. Hoogerbeets. 263
- Depression, Somatic components of. Wilfred Dorf-man. 4
- Depressive syndromes, Imipramine therapy in: pre-diction of therapeutic outcome. Ian C. Wilson, Archie M. Rabon and William J. Buffalo. 203
- Diabetes mellitus, Effects of combined physical-anti-cipatory stress on carbohydrate-lipid metabolism in patients with. Richard L. Vandenberg, Karl E. Sussman and Gary D. Vaughan. 16
- Diagnosis of emotional disturbance in children, The. John E. Weeks. 235
- Dickel, Herman A.; Dixon, Henry H.; Shanklin, James G. and Phillips, Richard H.: Psychological factors in gastrointestinal disturbances. 170
- DiMascio, Alberto; Berezin, Norman and Reyna, Leo J.: Psychological stress and experimental caries. 138
- Dixon, Henry H.; Shanklin, James G.; Phillips, Rich-ard H. and Dickel, Herman A.: Psychological fac-tors in gastrointestinal disturbances. 170
- Dorfman, Wilfred: Is there a "reversible" chronic brain syndrome? 293
- Dorfman, Wilfred: Preliminary report. Can parent-eral (IM) amitriptyline (Elavil) avoid ECT? 131
- Dorfman, Wilfred: Somatic components of depres-sion. 4
- Double-blind comparison of tybamate and chlordia-zepoxide in geriatric patients. Burton J. Gold-stein. 334
- Drake, Frank T. and Freemon, Frank R.: Abnormal emotional reactions to hospitalization jeopardizing medical treatment. 150
- Drugs for oldsters. Chauncey D. Leake. July-August, Section 2. 47
- Drug therapy, The limitations of. John J. Schwab and Judith M. Brown. 38
- Drug treatment, Psychiatric: personality factors and dynamic aspects. E. L. Edelstein and P. Noy. 222
- Druss, Richard G.: Teaching psychiatry to medical students assigned to clinical medicine. 331
- Duodenal ulcer patients, Psychological studies of sur-gical intractability in. G. R. Pascal and J. C. Thor-oughman. 11
- Dysmenorrhea, The relationship between, and se-lected personality variables. Michael Hirt, Richard Kurtz and W. Donald Ross. 350

E

- ECT, Preliminary report. Can parenteral (IM) ami-triptyline (Elavil) avoid. Wilfred Dorfman. 131
- Edelstein, E. L. and Noy, P.: Psychiatric drug treat-ment: personality factors and dynamic aspects. 222

- Education for childbirth, Psychologic effects of. Mardi J. Horowitz and Nancy F. Horowitz. 196
- Effect of various factors on cardiovascular aging in rats. Ralph F. Strebel. July-August, Section 2. 38
- Effects of combined physical-anticipatory stress on carbohydrate-lipid metabolism in patients with diabetes mellitus. Richard L. Vandenbergh, Karl E. Sussman and Gary D. Vaughan. 16
- Emotional disturbance, The diagnosis of, in children. John E. Weeks. 235
- Enelow, Allen J. and Adler, Leta McKinney: Natural history of a postgraduate course in psychiatry. 185
- Endogenous depressions, A dualistic approach to some biochemical problems in. J. R. Bueno and H. E. Himwich. 82
- Ethnological aspects of aging. Margaret Mead. July-August, Section 2. 33
- Evaluating psychiatric consultation work. John J. Schwab. 309
- Experimental animals, Clinical rounds with. William F. Ganong. 69
- Experimental caries, Psychological stress and. Leo J. Reyna, Alberto DiMascio and Norman Berezin. 138
- Extreme obesity: A psychophysiological disorder. Howard D. Kurland. 107

F

- Falk, Marshall A. and Garner, H. H.: Toxic psychosis: Pemphigus and psychiatric disease. 133
